

Hello Everyone – My name is Coby and I am the new Administrative Support Coordinator. I look forward to working with you as I gain more knowledge of my role over the next months. I have a 20 year history in admin / accounting, however each office has its own way of doing thing so I hope you will bear with me as I navigate the ins and outs of 4-H BC.

I was raised in the country, we did not have animals but my father raised vegetables to sell to the local groceries. I was always particularly drawn to neighbor's horses myself, so really envy all your horse folks. I still have the country in my blood and love to spend time cycling, hiking, walking and appreciating nature. I also love to craft in needlework, sewing and helping to build things.

Happy Fall! Happy Life!

My name is Belinda Field and I'm the new Fund Development Coordinator with 4-H BC. While new to the organization I spent a great deal of time as a 4-H member as a young Albertan doing 4-H Projects in Beef, Sewing and Cooking as well participating in Public Speaking Competitions. I believe it was this exposure to public speaking at a young age that led to my decision to pursue a degree in Communications at the University of Calgary. I graduated in 2000 and later on completed certificates in both Event Planning and Public Relations with Mount Royal College. After recently moving "back to the country" and experiencing acreage living my passion for agriculture was re-ignited. It seems only fitting that I would return to my roots with a position helping to promote the organization that played such a vital role in my development as a young farm girl in Southern Alberta. I'm excited to work with an amazing group of people within 4-H BC and to get my daughter involved in 4-H as soon as possible. It feels like coming home!
